barnWOOD FAUX PLANKS

barnWOOD planks instantly transform any room into a rustic, farmhouse chic, setting. Made to look just like real barn wood, these faux wood planks are so authentic, the only thing they're missing are slivers.

BARN WOOD PLANKS. REVAMPED.

barnWOOD FAUX PLANKS

barnWOOD Faux Planks capture all the look, feel, texture, and character of real barn wood, just none of the hassles. barnWOOD Planks are made of high-density polyurethane and has been cast from real barn wood planks. They capture all the character and texture of real barn wood.

Why go faux when you can go real? Good question, we got you covered. Real barn wood is often hard to source, whereas our barnWOOD Faux Planks offer consistent thickness & size, perfectly square, are waterproof, and come in a uniform finish.

STYLING AND PROFILING.

BENEFITS OF barnWOOD FAUX PLANKS

EXTREMELY LIGHTWEIGHT

Weighing in at 1/2 lb. per square foot, this featherweight panel can be installed anywhere.

COST SAVINGS

Putting this up in a fraction of the time and with no support makes things easy and saves money.

LOOKS LIKE THE REAL THING

Once installed and caulking is applied, all screws or nails are hidden, providing the finished look of real wood. or leave your nails exposed for an even more rustic look.

IMPACT RESISTANT

High traffic areas aren't a problem for these panels.

WATER PROOF

Using a closed cell technology, the panels won't absorb liquid.

SMP₃DWALLS

FAUX WOOD, YET SO REAL.

It's hard to believe that a faux wood product could look so real. Each barnWOOD faux plank is formed from a real piece of barn wood, then hand-painted to create an authentic, zero maintenance wood wall.

FIRE RESISTANCE, WE GOT YOU.

Some applications or installs require strong fire-resistance. Don't fret. All barnWOOD planks come standard with a Class A fire-rating.
